Dear Hannah,

I am pleased to be able to attach the details of the tenants that have been notified as part of the application for the development at Keresley. There are only two tenants on the site, therefore we are no longer needing to progress with the newspaper advertisement we spoke of earlier. Unfortunately the Certificate B form provided on the planning portal is not large enough to include details of all land owners and agricultural tenants on, as ownership and the agricultural certificates have now been merged, to provide one combined certificate. Therefore I have attached an additional document with all land owner and tenant details for you. I hope that this shall now mean that the application can be validated and we can proceed with the 16 weeks consultation. I have also re-attached Appendix 8.1, as this currently does not appear to be viewable under the application on the councils website. Any further questions please do not hesitate to contact me.

Regards,

Ben Lander

Dear Ben

This approach is acceptable. Once the notice has been published in the newspaper we will need you to submit a copy of the published notice along with details of any other notices served and a completed Certificate C.

Dear Hannah,

Thank you for attaching the notice. With regard to the advertisement needing to be published no more than 21 days before the submission of the application, it is my understanding that according to The Town and Country Planning (Development Management Procedure) Order 2013, where the applicant has taken reasonable steps to ascertain the names and addresses of every such person (who on the prescribed date is an owner of the land to which the application relates, or a tenant) but has been unable to do so, by publication of the notice after the prescribed date in a newspaper circulating in the locality in which the land to which the application relates is situated. So I propose to complete notice 2 and make arrangements for it to be published in the Coventry Evening Telegraph. I would be grateful if you could confirm this is acceptable.

Dear Ben

The Coventry Evening Telegraph is the newspaper we use to publish our notices so this would be the most appropriate. My understanding is that the advertisement only needs to be published once, no more than 21 days before the submission of the application. A copy of the published notice then needs to be submitted to us with the Certificate. A blank copy of the notice can be downloaded from the planning portal at:

Dear Hannah,

Unfortunately we are unable to confirm some of the agricultural tenants on the land for the application at Keresley, therefore are unable to complete an Agricultural Holding Certificate. This means we shall now need to submit a Certificate C and will require an advert in the local press to demonstrate the fact that we are making the application and do not know the names of the tenant(s) of some of the land. We shall serve notice on the tenants we know of and are also continuing to contact the land owners agents seeking confirmation of all tenants across the application site. I am emailing to confirm which newspaper you feel would be most suitable for this (e.g. Coventry Telegraph) and for how long the advert shall need to appear? I would appreciate your guidance on this.

Dear Ben

Thank you for the additional information. The only item that remains outstanding is the Agricultural Holding Certificate. Please could you let me know when we are likely to receive this.
