Hi David,

Further to our previous discussions, please find attached details of the further breeding bird survey work undertaken at the site during 2015 for onward submission.

I trust this is as anticipated, but don't hesitate to call if you have any queries etc.

Kind regards

Colin

Surveys are all underway now. We can send you the conclusions of the spring survey element probably by end of June. WCC also wanted surveys done in the autumn and so whilst we will do them this part will have to be conditioned.

Further to my last email I can confirm that Amanda Richardson at Birmingham City Council is dealing with the S.106 Agreement. Are you able to confirm yet when the further ecological survey work will be completed and is likely to be submitted?
