Subject: OUT/2014/2282 - Additional Information

Barbara,

Further to our telephone conversation, as requested, please find attached the excel version of our BIA calculation.

In respect of the further bat surveys, my understanding is that no trees assessed to be of BCT category 1* or category 1 bat potential are to be affected by the development, such that further surveys are not required. For this reason, our survey report relates to the activity surveys undertaken only.

Many thanks,

Lorraine Woolley
