Date: 21 December 2017

Dear Ms Holt

The Town and Country Planning (Consultation) (England) Direction 2009

Outline application for the erection of up to 800 dwellings, with associated Local Centre comprising Convenience Store (Class A1) Retail/Commercial Units (Class A1, A2, A3, A5 and/or D1); a Primary School; Public Open Space (including equipped play area); allotments; nature conservation area; and landscaping; with all matters reserved except for means of vehicular access to the site from Tamworth Road and Bennetts Road South.

I refer to the above application which has been the subject of third party requests to call in for determination by the Secretary of State for Communities and Local Government.

The Secretary of State has carefully considered this case against call-in policy, as set out in the Written Ministerial Statement by Nick Boles on 26 October 2012. The policy makes it clear that the power to call in a case will only be used very selectively.

The Government is committed to give more power to councils and communities to make their own decisions on planning issues, and believes planning decisions should be made at the local level wherever possible.

In deciding whether to call in this application, the Secretary of State has considered his policy on calling in planning applications. This policy gives examples of the types of issues which may lead him to conclude, in his opinion that the application should be called in. The Secretary of State has decided, having had regard to this policy,

not to call in this application. He is content that it should be determined by the local planning authority.

In considering whether to exercise the discretion to call in this application, the Secretary of State has not considered the matter of whether this application is EIA Development for the purposes of the Town and Country Planning (Environmental Impact Assessment) Regulations 2011. The local planning authority responsible for determining this application remains the relevant authority responsible for considering whether these Regulations apply to this proposed development and, if so, for ensuring that the requirements of the Regulations are complied with

The Article 31 Direction issued pursuant to the Secretary of State's letter of 18 January 2017 is hereby withdrawn.

Yours sincerely

Karen Rose
