

Planning Statement for 6 Edison Buildings

The current use of the building is a Office. The opening times are 9am until 5pm on weekdays. Closed on weekends.

The proposed works includes adding another storey on top of the one storey ground level building.

The proposed storey will also be used as a office. The opening and closing times of the current office will be the same when the new storey is created. The above storey will provide another office space to a business from 9am until 5pm on weekdays. There will be no clients or customers visiting the office. The business owners will be working from this office.
