**TOWN & COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT
PROCEDURE) (ENGLAND) ORDER 2015**

Application No.	FUL/2019/1711
Registered on	08/07/2019
Applicant	David Lloyd Leisure Ltd
Re Site at	David Lloyd, Abbey Road, Coventry

Description of Development: Installation of a new outdoor pool

Delegated Decision on 02/09/2019

Coventry City Council as Local Planning Authority **GRANT** permission for the development proposed in your application, subject to the following condition(s):

CONDITIONS:

1. The development hereby permitted shall begin no later than three years from the date of this permission.
2. The development hereby permitted shall be carried out in accordance with the following approved documents:
 - Design and Access Statement;
 - Proposed Elevations DWG 2018-213 A-PL-006 P0
 - Proposed Ground Floor Plan DWG 2018-213-A-PL-005;
 - Proposed Site Plan DWG 2018-213-A-PL-004;

Application Number FUL/2019/1711
Despatched on 02/09/2019
DNFAC (feb2011)

Coventry City Council

- Existing Ground Floor Plan DWG 2018-213-A-PL-003;
 - Existing Site Plan DWG 2018-213-A-PL-002;
 - Location Plan DWG 2018-213-A-PL-001;
 - Planning Statement, Prepared by Cushman and Wakefield. Dated July 2019.
3. No development or other operations (including any demolition, site clearance or other preparatory works) shall commence unless and until a Tree Constraints Plan, a detailed Arboricultural Method Statement and a Dimensioned Tree Protection Plan, to identify the distance from trunk centres to the tree protection barrier, in accordance to the trees' Root Protection Areas and in accordance with BS 5837:2012 have been submitted to and approved in writing by the local planning authority. Once approved, any mitigation or protection measures shall be put into place prior to and remain in place during any construction work.
4. No development or other operations (including any demolition, site clearance or other preparatory works) shall commence unless and until the following information shall be submitted to and approved in writing by the local planning authority:
- i. The surface water flood mapping indicates that the site is vulnerable to surface water flooding. An appropriately scaled flood risk assessment is required to establish the risk to the development, as well as the appropriate mitigation measures
 - ii. During excavations provisions must be made to ensure there is no increase in sediment loads within the surface water runoff from the site to the River Sherbourne
 - iii. Foul drainage plans.
5. The existing 4No. London Plane trees on the site along the southwest side of the proposed swimming pool to be retained shall not be cut down, grubbed out, topped, lopped or uprooted without the written consent of the local planning authority. Any trees removed without such consent or dying, or being severely damaged or diseased or becomes, in the opinion of the local planning authority, seriously damaged or defective, within five years from the substantial completion of development shall be replaced, as soon as practicable with trees of such size and species details of which must be submitted to and approved by the local planning authority. All tree(s) shall be planted in accordance with British Standard BS 8545:2014 Trees: From Nursery to Independence in the Landscape.

Tracy Miller
Head of Planning

Coventry City Council

6. Heating for the swimming pool shall be sourced from either renewable energy or provided by ultra- low NOx emission heating plant. Ultra-low NOx boilers and any gas boilers must meet a dry NOx emission rate of <40mg/kWh.

REASONS FOR CONDITIONS:

1. To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).
2. For the avoidance of doubt and in the interests of proper planning.
3. To protect those trees which are of significant amenity value to the area and which would provide an enhanced standard of appearance to the development in accordance with Policy GE3 and GE4 of the Coventry Local Plan 2016
4. To ensure that adequate drainage facilities are available for the satisfactory and proper development of the site in accordance with Policies EM4 & EM5 of the Coventry Local Plan 2016
5. To protect those landscape features which are of significant amenity value to the area and which would provide an enhanced standard of appearance to the development in accordance with Policies GE3, GE4 and DE1 of the Coventry Local Plan 2016.
6. To promote use of low carbon, renewable and energy efficient technologies, to adapt to the impact of climate change and to reduce the impact of the development on air quality in accordance with Policy DS3 of the Coventry Local Plan 2016 and the aims and objectives of the NPPF.

In determining the application Coventry City Council have made the decision in a positive way to foster the delivery of sustainable development, working proactively with applicants to secure developments that improve the economic, social and environmental conditions of the area. The decision has been taken having regard to the impact of the development, and in particular to the policies and proposals in the adopted Coventry Local Plan 2016 set out below, and to all relevant material considerations, including the National Planning Policy Framework, and Supplementary Planning Guidance.

The City Council have worked in a seamless and timely manner to undertake the necessary liaison and negotiation with the applicant, third parties and

statutory consultees (at the application and pre-application stages) to look for solutions which seek only high quality sustainable development.

Policy CO1: New or improved social community and leisure premises

Policy DE1: Ensuring High Quality Design

Policy EM1: Planning for Climate Change Adaptation

Policy EM4: Flood Risk Management

Policy EM5: Sustainable Drainage Systems (SuDS)

Policy GE3: Biodiversity, Geological, Landscape and Archaeological-Conservation

Policy GE4: Tree Protection

Policy JE6: Tourism/Visitor Related Development

INFORMATIVES:

For the avoidance of doubt, this decision relates to the following drawings, letters or associated documentation that may have been submitted with the application.

Design and Access Statement;

Proposed Elevations DWG 2018-213 A-PL-006 P0

Proposed Ground Floor Plan DWG 2018-213-A-PL-005;

Proposed Site Plan DWG 2018-213-A-PL-004;

Existing Ground Floor Plan DWG 2018-213-A-PL-003;

Existing Site Plan DWG 2018-213-A-PL-002;

Location Plan DWG 2018-213-A-PL-001;

Planning Statement, Prepared by Cushman and Wakefield. Dated July 2019.

You are advised that if your proposal involves works covered by the Party Walls etc Act 1996. You are recommended to seek independent advice. Booklets are available from the Planning Advisory Desk & HMSO. Please be aware that if any part of the development (such as foundations, guttering, windows, ventilation systems or pipes etc.) overhangs or encroaches onto land or buildings outside of your ownership; or involves works and / or access to land or buildings outside of your ownership; you will need the owner's permission before undertaking any development. The granting of planning permission does not override or authorise the breach of any private ownership rights; and any development undertaken without the consent of the landowner and in breach of any private ownership rights could give rise to civil proceedings brought by the owners of those rights.

Protected species

Application Number FUL/2019/1711
Despatched on 02/09/2019
DNFAC (feb2011)

Tracy Miller
Head of Planning

Coventry City Council

A number of European Protected Species are found in Coventry. Please be aware that any development may have implications and / or adverse impact on species and habitats which are protected by the Wildlife & Countryside Act 1981; the Habitat Regulations 1994; the Conservation of Habitats & Species Regulations 2010 and by other European Legislation. The permission given by this notice does not override the protection afforded to these species and their habitats. Please be aware that it is the developers / landowners / contractors responsibility to ensure that any work being carried out will not harm any protected species. For more information on protected species please visit <http://www.naturalengland.gov.uk>.

If evidence of protected species is found, work should stop immediately while Natural England (01453 764450) is contacted for advice on the best way to proceed. If any conditions concerning protected species are attached to this decision you are advised to contact the Planning Department at Coventry City Council on ecology@coventry.gov.uk before commencing development or submitting any necessary discharge of conditions applications.

This is not an approval under the Building Regulations.

This permission is given under the Town And Country Planning (Development Management Procedure) (England) Order 2010 (as amended) and is subject to due compliance with the Building Regulations, local Acts and Regulations and with all other relevant statutory provisions in force in Coventry and nothing herein contained is to be regarded as dispensing with such compliance beyond the extent herein specified. This permission does not modify or affect any personal or restrictive covenant applying to the land or any right of any person entitled to the benefit thereof.

Appeal Rights:

If you are aggrieved by the decision of the City Council to grant permission for the proposed development subject to conditions, you can appeal to the Department of Communities and Local Government under Section 78(1) of the Town and Country Planning Act 1990 (as amended). An appeal must be made within **six** months of the date of this notice or **12 weeks** for a minor commercial application.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>.

If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

Coventry City Council

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

If permission to develop land is granted subject to conditions, whether by the City Council or an appeal by the Secretary of State, the owner of the land may claim that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or may be permitted. In these circumstances, the owner may serve a purchase notice on the City Council requiring the Council to purchase the interest held in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is granted subject to conditions by the Secretary of State on appeal or on a referral of the application to the Secretary of State. The circumstances in which such compensation is payable are set out in Section 114 & 120 and related provisions of the Town and Country Planning Act 1990.

If any part of the development for which planning permission is hereby granted affects the means of access to a building then your attention is drawn to Section 46 of the West Midlands County Council Act 1980 under which the Council must reject plans deposited in accordance with building regulations unless those plans show:

- a) That there will be adequate means of access for the fire brigade to the building, or as the case may be, to the building as extended;

Application Number FUL/2019/1711
Despatched on 02/09/2019
DNFAC (feb2011)

Tracy Miller
Head of Planning

Coventry City Council

and

- b) That the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

FURTHER APPROVALS

If one or more of the conditions listed in this decision notice require you to submit further information to the City Council for approval then in **all** instances those details are to be submitted to: -

Development Management,
Coventry City Council
PO Box 15
Council House
Coventry CV1 5RR.

The receipt of such details will be acknowledged and a further decision notice will be issued following full consideration of these additional matters.

MINING INFORMATIVE

The proposed development lies within a coal mining area (either an area of old workings or active and future workings, or an area of proved coal resources) and therefore could be subject to current coal mining or hazards resulting from past coal mining. Such hazards may currently exist, be caused as a result of the proposed development, or occur at some time in the future. These hazards include:

- Collapse of shallow coal mine workings.
- Collapse of, or risk of entry into, mine entries (shafts and adits).
- Gas emissions from coal mines including methane and carbon dioxide.
- Spontaneous combustion or ignition of coal which may lead to underground heatings and production of carbon monoxide.
- Transmission of gases into adjacent properties from underground sources through ground fractures.
- Coal mining subsidence.
- Water emissions from coal mine workings.

Applicants must take account of these hazards which could affect stability, health & safety, or cause adverse environmental impacts during the carrying out their proposals and must seek specialist advice where required. Additional hazards or stability issues may arise from development on or adjacent to restored opencast sites or quarries and former colliery spoil tips.

Application Number FUL/2019/1711
Despatched on 02/09/2019
DNFAC (feb2011)

Coventry City Council

Potential hazards or impacts may not necessarily be confined to the development site, and Applicants must take advice and introduce appropriate measures to address risks both within and beyond the development site. As an example the stabilisation of shallow coal workings by grouting may affect, block or divert underground pathways for water or gas.

In coal mining areas there is the potential for existing property and new development to be affected by mine gases, and this must be considered by each developer. Gas prevention measures must be adopted during construction where there is such a risk. The investigation of sites through drilling alone has the potential to displace underground gases or in certain situations may create carbon monoxide where air flush drilling is adopted.

Any intrusive activities which intersect, disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) require the prior written permission of the Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes.

Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action. In the interests of public safety, the Coal Authority is concerned that risks specific to the nature of coal and coal mine workings are identified and mitigated.

The above advice applies to the site of your proposal and the surrounding vicinity. You must obtain property specific summary information on any past, current and proposed surface and underground coal mining activity, and other ground stability information in order to make an assessment of the risks. This can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.
