

## Bat Scoping Self-Certification

### Self assessment - impact of the proposed development on bats (householder application)

The proposed development at: **41, Charter Avenue, CV4 8EJ** is unlikely to impact on bats due to the information provided in response to the questions below. In view of this it is not considered that a Bat Scoping needs to be submitted for validation of the application.

<b>Site address:</b>	41,Charter Avenue,Coventry,CV4 8EJ
<b>Question</b>	<b>Answer</b>
1. Does your proposal involve demolition of any buildings (including outbuildings)?	No
2. Does your proposal involve alterations to an agricultural building, listed building or a historic building that pre-dates 1914?	No
3.Does your proposal involve any works to the roof which break into the existing roof line or open the existing loft space?	No
4. Is there, or do you suspect there may be a bat roost within the curtilage of the dwelling house?	No
<b>Disclaimer:</b> This is not a formal determination, but a self-assessment based on the information provided above. If it is deemed during the application process that the development may impact upon bats, then further information will be required.
