Hi Richard,

Further to our phone conversation, please see revised site plans and additional note attached.

The car parking spaces previously shown at the front is now removed from the plans. All users of the restaurant will now park at the overflow car park shown in the management plan.
As I mentioned earlier, the existing car parking layout was shown on the site plans when it was requested for during the first application by Gurdip Nagra(Planning Officer). Apparently the request to show the current car parking spaces on the site was from Highways. This is where the confusion may have arisen from.

Hi Shamim,

Please see revised ground floor plans with toilet, kitchen and seating area layout. The use of the restaurant will be A3 Use only and the opening times will be as follows:

Monday to Friday - 3pm to 11pm

Saturday - 3pm to 11.30pm

Sunday - 5pm to 11.30pm

As discussed earlier, I will update you early part of next week reference to efflux velocity for extractor unit.

Kind Regards
Dennis Dziko
