

Additional Car park management Information

A permanent notice will be displayed at the front of the restaurant advising customers to use the overflow car parking across the road. Customers will also be advised upon entering the restaurant to park vehicles in the overflow car park if they have not yet done so. Parking in the shared carpark will be limited to 2hrs per customer.

The church is currently the main user of carpark and its mostly used on Sundays between the hours of 9am and 1pm. Due to this it is envisaged that he the car park will be less busy during most days of the week and weekend.

Figure 1: Entrance to Carpark used by Winners Chapel international Coventry on Sundays, between 9am and 1pm.

As described in the management plan, there will be a car park attendant in the car park to assist and direct customers to parking locations during operation of the restaurant. As part of this, the carpark attendant will be in constant communication with the restaurant staff by radio to ensure the car park is not over stayed by customers.
