Hi Nigel,

Could you upload the attached email please of my correspondence with the agent.

Nb further to agents confirmation email (27 October 2011 09:53), the scaled plans together with a complete TCP identifying actual canopy spreads in line with BS 5837:2005, were not received.

Thank you

Robert

Hi Jacqui,

The Tree Constraints Plan will need to show the actual tree canopy dimensions rather than the symmetric canopies symbols taken off the Topo plan

Many thanks

Dear Jackie,

Could you kindly post to me an A0 size, scaled Tree Protection Plan please. It would be useful to have the TPP annotated to identify the linear radii measurement between trunk centres and outer edge of RPA's.

We would need details to include the working locations for the pilling rig, in ensuring no damage occurs to the overhanging parts of tree canopies to the veteran Oaks

Are more detail to follow over the phasing in removal/ reinstatement of hard surfacing within RPA's?

Thank you

Robert

Hi Robert,

Here is a revised tree report for the old hall.

If you could let me know whether it overcomes your concerns in the next day or so it would be much appreciated

regards

Nigel
